

Table of Contents

• Acknowledgment	A
• Abstract	B
• ملخص الرسالة	F
• Table of contents	H
• List of Tables	L
• List of Figures	N
• Chapter One: Introduction	
1.1 Introduction	1
1.2 Problem Identification	3
1.3 Aim of the Study	6
1.4 Methodology	7
1.5 Hypothesis	10
• Chapter Two: The Concept of Sustainable Spatial Development	
2.1 Sustainable Development	13
2.1.1 Sustainable Development Requirements	14
2.1.2 Sustainable Development Under Occupation	15
2.2 Spatial Planning	16
2.2.1 Spatial Planning and Sustainable Development	17
2.2.2 Sustainable City and Sustainable Urban Form	18
2.2.3 Spatial Development Intervention Levels	20
2.2.4 Micro Structure of Sustainable City	23
2.2.5 Macro Structure of Sustainable City	29
2.2.5.1 The Polycentric Net or the Regional City Model	29
2.2.5.2 Sustainable City Region Study Case: Glasgow Region	30
2.2.5.3 The Urban- Rural Relationship	32
2.2.5.4 Helsinki Region and the Urban- Rural Relationship	35
2.2.6 Sustainable Spatial Development Policies	36
2.3 Conclusion	

• Chapter Three: Sustainable Development Opportunities in Palestine	
3.1 Israeli Constrains	39
3.1.1 Transportation	43
3.1.2 Land Use	47
3.1.3 Density	58
3.2 Palestinian Constrains	60
3.2.1 State and Local Government	62
3.2.2 Economy	63
3.2.3 Society	66
3.3 Conclusion	69
• Chapter Four : Palestinian Planning Legal Structure	
4.1 Palestinian Planning Structure	72
4.1.1 Planning Actors	75
4.1.2 Palestinian Development Plans and Planning System	76
4.1.3 Planning Vision	79
4.2 Planning Laws in Palestine	80
4.2.1 Ottoman Laws	81
4.2.2 British Laws	85
4.2.3 Jordanian Laws	89
4.2.4 Egyptian Laws	90
4.2.5 Israeli Laws	92
4.2.6 Palestinian Laws	99
4.3 Conclusion	101
• Chapter Five: Local level Role in Planning	
5.1 Definition and Advantages	102
5.2 Local Level Key Actors	104
5.2.1 Local Government	105
5.2.2 Local Citizens	107
5.2.3 Local Councils	108
5.2.4 Non Governmental Institutions (NGO's)	114
5.3 The Participatory Approach in Planning	115
5.3.1. The Participatory Approach Advantages	116

5.3.2. The Participatory Approach Requirements	119
5.3.3. The Palestinian Local Level Participatory Approach	120
5.3.4. The Participatory Approach in Planning Local Development Schemes	120
5.4 Citizen Involvement Program and Structure	125
5.4.1 The Citizen Involvement Program (CIP) Advantages	126
5.4.2 The Citizen Involvement Structure	127
5.4.3 Participatory Approach Requirements and Constrains	132
5.5 The Limits of Citizen Involvement in the Planning Process	134
5.6 Empowering the Palestinian Local Level	135
5.7 Conclusion	138
• Chapter Six: Sustainable Spatial Development Model	
Ramallah Governorate	
6.1 Ramallah Governorate Advantages	142
6.1.1 Location Characteristic	142
6.1.2 Urban Land Use Characteristic	144
6.1.3 Socio-Economic Characteristics	146
6.1.3.1. Demography and Population	146
6.1.3.2. Economic Characteristics	147
6.2 Spatial Analysis for Ramallah Governorate	148
6.2.1 Development Structure of Ramallah Governorate	149
6.2.2 Transportation Structure	153
6.2.3 Services	160
6.3 Model's Themes and Goals	163
6.3.1 Planning for People	163
6.3.2 Protecting Natural Resources	163
6.3.3 Saving Agricultural Land	166
6.3.4 Managing Urban Growth	166
6.4 Adaptability of Regional City Model to Ramallah Governorate	170
6.4.1 Micro- Structure	170
6.4.2 Macro- Structure	185
6.5 Development Strategies for the Sustainable Spatial Development Model	189
6.5.1 Land Use	189
6.5.2 Built Up Scenarios	196
6.5.3 Density	197

6.5.4 Transportation	204
6.5.5 Rural- Urban Partnership in Ramallah Governorate	206
6.6 Conclusion	209
• Chapter Seven: Conclusions	212
• List of References	218
• Appendixes	224
