## Contents

1 Introduction

1.1 Difference Equations .......................... 2
1.2 Sequences .................................. 4
1.3 Behavior of Solutions of Difference Equations ... 5
1.4 Banach Spaces .............................. 7
1.5 Periodic Points and Cycles ..................... 9
1.6 Oscillating Sequences and Semicycles ........... 10
1.7 Big o notation ................................ 10
1.8 Taylor Series and polynomials .................. 11

2 On The Difference Equation \( x_{n+1} = p_n + \frac{x_{n-1}}{x_n} \) \( \quad \) 13

2.1 Boundedness and persistence .................... 14
2.2 Existence of unbounded solutions ............... 19
2.3 Attractivity .................................. 25
2.4 Applications .................................. 31

3 On the Difference Equation \( x_{n+1} = A_n + \frac{x_{n-1}}{x_n} \) \( \quad \) 35

3.1 Asymptotic behavior of the positive solutions ... 35
3.2 Periodicity and stability ....................... 49

4 On the Difference Equation \( x_{n+1} = p_n + \frac{x_{n-1}}{x_{n-2}} \) \( \quad \) 65

4.1 Boundedness and persistence .................... 65
4.2 Attractivity .................................. 69
4.3 Applications .................................. 91

Bibliography ................................... 94
