

Faculty of Graduate Studies

Master Program in Applied Chemistry

**Synthesis, Characterization, and Biological Activity of Novel
Mixed Ligand Complexes of Zinc(II) Diclofenac or
Indomethacin with Nitrogen Based Ligands**

**تحضير وتشخيص ودراسة الفعالية الحيوية لمركبات تحتوي أيون الزنك الثنائي
والدكلوفيناك أو الاندوميثاسين وقواعد نيتروجينية**

**This Thesis was Submitted in Partial Fulfillment of the Requirements for the
Degree of Master in Applied Chemistry, at Faculty of Graduate Studies, at Birzeit
University, Ramallah, Palestine.**
